

Evidence Card for Investigator #3 – Grand Mosque of Oman

The Sultan Qaboos Grand Mosque, which was completed in 2001, is incredibly big and beautiful – no photos can truly capture the whole complex, which is over 130,000 square feet! The exterior is shiny white sandstone with mosaics from various parts of the Islamic world. Inside the main prayer hall is the world's 2nd largest carpet (from Iran) and a giant chandelier (from Italy). 20,000 worshippers can fit in the complex at the same time – the main prayer hall can hold 6,500 of them. Muslims of all denominations pray there (Sunni, Shi'ite, Ibadi); people of all religions are welcome to visit.
