

Assignment D: Survival Guide

Assignment: You are the main Afghani character in the book. An international agency has learned about your experiences in Afghanistan (or as a refugee from that country) and wants you to write a short pamphlet on how to survive in your situation. You may include pictures too – either drawn or printed from the internet.

Where do I start?

1. Write a title for the pamphlet. (Examples: How to Survive in War OR How to Survive As a Refugee)

2. Your pamphlet will be divided into three sections:

Things You Need to Survive

Skills You Need to Learn

What Others Could Do to Help.

For each section of the pamphlet, think about the events in the stories, what the characters experienced, and what things they needed to have or to do to survive. Be sure to explain your ideas clearly and thoroughly.

3. Draw or print the pictures to illustrate your survival guide.
