Country I Am from:

Time Period in Which I Am Living:

1. What challenges do the Kurds face in the country and time period in which you are living? Consider: political/legal issues (government laws and attitudes), economic issues (standard of living, opportunities for advancement), and social/cultural issues (schools, use of Kurdish language, etc.).

2. What change(s) would you like to see? To what extent could you accomplish some of these changes within the legal framework of the country in which you live?

3. What Kurdish political groups or movements exist within your country? What are the goals and methods of each one?

4. What is the situation of the Kurds in neighboring countries? How does life for the Kurds in each of these countries compare to Kurdish life in your own homeland **during this same time period?**
