**Economic Activity and Land Use**

- **A** Asbestos
- **Ch** Chromite
- **Cu** Copper
- **FeS** Pyrites
- **Petroleum refinery**

The map illustrates the economic activities and land use across various areas in Cyprus. Icons and colors indicate different economic activities such as dense to sparse forest, orchards, especially olive and carob, and cultivated field and garden crops. Cities and areas of economic significance are marked, including Nicosia, Famagusta, and Limassol.
